PROFESSIONAL SUMMARY

Full Stack Developer and Technical Lead with 10+ years of experience architecting, building, and scaling web applications end-to-end, from system design through production deployment. Proven leadership record **leading and mentoring a team of 5 developers** at dekco.ai, with measurable impact — including **cutting page and viewer load times from 15–20 seconds to 1–3 seconds** through targeted performance optimization. Cross-industry delivery spanning **healthcare (medical imaging/PACS-RIS)**, gaming backend systems, and e-commerce/CRM platforms, combined with **5+ years running an independent freelance practice** for 6–7 clients. Hands-on expertise **integrating AI/LLM capabilities** (OpenAI, Anthropic) and AI-assisted development tooling into modern engineering workflows.

CORE COMPETENCIES

- Full-Stack Architecture & Development
- AI/LLM Integration & Automation
- System Design & Scalability
- Agile Collaboration & Stakeholder Management
- Technical Leadership & Mentorship
- API Design & Backend Engineering
- Performance Optimization & Debugging
- Freelance Project & Client Management

TECHNICAL SKILLS

Frontend

Angular TypeScript JavaScript HTML5 CSS3 Three.js Canvas API Animation

Backend

Node.js Express PHP Python REST APIs

Databases

MongoDB MySQL PostgreSQL

AI & Automation

LLM API Integration OpenAI Anthropic AI-Assisted Development AI Training Data

DevOps & Tools

Docker AWS Git/GitHub CI/CD

Practices

PROFESSIONAL EXPERIENCE

Lead Engineer — dekco.ai

FEB 2025 – PRESENT

Healthcare Technology / Medical Imaging (PACS-RIS)

- Lead end-to-end development** of dekco.ai's PACS radiology platform — used by **1,000+ healthcare institutions** — spanning Billing, RIS, DICOM, Reporting, and Viewer modules.
- Lead and mentor a team of 5 developers** through code review and hands-on guidance, driving consistent coding standards and code quality.
- Diagnosed and resolved major performance bottlenecks** across the platform, reducing page and viewer load times from 15–20 seconds to 1–3 seconds.
- Own key technical decisions on system architecture, code structure, and deployment strategy.
- Integrate **LLM-based features and AI-assisted development tools** into engineering workflows to accelerate delivery and improve code quality.

Technologies: Angular, TypeScript, Node.js, DICOM, LLM APIs (OpenAI, Anthropic), AI-Assisted Development Tools

Freelance Contractor — Self-Employed

2021 – PRESENT

Part-time, ~15–20 hrs/week, concurrent with full-time roles

- Delivered custom **e-commerce and CRM** web solutions for **6–7 small business clients** over 5+ years, managing each project from requirements through deployment.
- Built interactive **Three.js and HTML5 Canvas** experiences, including animated visualizations and engaging front-end interfaces for client websites.
- Integrated **AI/LLM-powered features** (OpenAI, Anthropic APIs) into client applications and contributed to AI training-data preparation and evaluation work for machine learning projects.

Technologies: Three.js, HTML5 Canvas, LLM APIs (OpenAI, Anthropic), E-commerce & CRM Platforms

Senior Full Stack Developer — Metamersive

AUG 2022 – FEB 2025

Gaming / Interactive Entertainment

- **Engineered and deployed backend systems for 3 games**, building scalable APIs and services to support core gameplay features and third-party integrations.
- Built and maintained full-stack applications using Angular, PHP, and multiple relational and NoSQL database systems.
- **Resolved a high volume of production bugs and optimized 15+ REST APIs**, improving platform stability and response times.
- Partnered with designers and stakeholders to translate product requirements into scalable technical solutions.
- Coordinated deployment, testing, and release management to ensure smooth, low-risk production launches.

Technologies: Angular, TypeScript, PHP, MongoDB, SQL Databases, REST APIs

Senior Web Developer — Addit Infotech

FEB 2018 – JUL 2022

- Developed web applications using JavaScript, HTML, CSS, Node.js, and Express, supporting the full feature lifecycle.
- Designed responsive interfaces that delivered consistent performance and usability across devices and browsers.
- Implemented new features and enhancements based on evolving product requirements.
- **Led code reviews and mentored junior developers**, raising overall code quality across the team.
- Maintained application stability through proactive debugging and performance optimization.

Technologies: JavaScript, HTML5, CSS3, Node.js, Express

Web Developer — BinaryCode Services

JUN 2016 – FEB 2018

- Built websites and web applications using modern frontend technologies and backend frameworks.
- Collaborated with designers and developers to implement new features and improve overall user experience.
- Troubleshoot and resolved application issues to ensure stable, reliable releases.
- Optimized code for performance and long-term maintainability.

Technologies: HTML5, CSS3, JavaScript

KEY PROJECTS

PACS Radiology Platform — dekco.ai

HEALTHCARE / MEDICAL IMAGING

Full-featured PACS solution covering Billing, RIS, DICOM, Reporting, and Viewer modules for radiology providers. Serves **1,000+ healthcare institutions**, processing **400,000+ patient records** and **1M+ radiology reports**. Led a team of 5 developers and reduced page/viewer load times from 15–20 seconds to 1–3 seconds.

Tech: Angular, TypeScript, Node.js, DICOM, LLM APIs (OpenAI, Anthropic)

Game Backend Systems — Metamersive

GAMING

Designed and deployed backend infrastructure for 3 games, delivering APIs and services that powered core gameplay features and third-party integrations.

Tech: PHP, Angular, TypeScript, MongoDB, SQL Databases

E-commerce & CRM Platforms — Freelance

RETAIL / SMALL BUSINESS

Delivered custom e-commerce and CRM solutions with interactive Three.js/Canvas front-ends for 6–7 clients over 5+ years.

Tech: Three.js, HTML5 Canvas, AI/LLM APIs (OpenAI, Anthropic)

EDUCATION

Master of Computer Science (Information Technology) — Harivandana College, Rajkot | **2017 – 2019**

Bachelor of Computer Science (Information Technology) — Harivandana College, Rajkot | **2014 – 2017**

LANGUAGES

English — Professional **Hindi** — Native/Fluent
